The Arboretum at Penn State is seeking to hire a Director of Horticulture and Curator. The principal responsibilities of the successful applicant will be to continue the development of our collections policy and collections management system; evaluate collections and initiate new plant acquisitions; participate in the oversight of new garden planning and construction; coordinate the care and maintenance of the Arboretum with the Office of Physical Plant; coordinate our volunteer and summer internship programs; work with faculty to facilitate research and education within the Arboretum; provide guest lectures and public presentations as occasion demands; manage special events such as the annual plant sale; and manage the visitor experience as the principal public face of the Arboretum. A master’s degree in horticulture, botany, or related discipline is preferred. Related work experience, a strong knowledge of plant material, and public garden experience are especially desirable. Attention to detail and the ability to work within a team environment are vital requirements, as well as excellent communication skills. This is a fixed-term appointment with excellent possibility of re-funding. Apply to job #39376 at www.psu.jobs. Penn State is committed to affirmative action, equal opportunity, and the diversity of its workforce.
